"Innovators not Imitators"

2016 Product Catalogue

- UK Designed, Developed and Manufactured
- Affordable, Quality Motorsport Products
- Rally Track & Drift Car Tested
- Europe's No1 Race Car Pedal Assembly Manufacturer

Follow us on Twitter and Facebook

Hello.

obp Motorsport is Europe's market leader in design, development and manufacture of high quality Motorsport Components.

We offer - Two Year Parts Replacement Guarantee, Products Manufactured / Assembled In England, In-House Manufacture, In-House Design, Massive Stock Ready To Dispatch, Track Tested and QC Checked plus many other benefits when dealing with obp Motorsport.

obp Motorsport Core Products

- Race Car Bias Brake Pedal Box Assemblies (New Products for 2016)
- Hydraulic Handbrakes (New Products for 2016)
- Alloy Water Tanks – TIG Welded, QC Checked & Pressure Tested
- Alloy Oil Tanks – TIG Welded, QC Checked & Pressure Tested
- Alloy Fuel Tanks – TIG Welded, QC Checked & Pressure Tested
- Special Bespoke Alloy Tank Manufacture – TIG Welded, QC Checked & Pressure Tested
- Master Cylinders (New Products for 2016)
- Bias Valves
- Brake Hoses
- Carbon & GRP Products (New Products for 2016)
- Pit Equipment (New Products for 2016)

In this 2016 catalogue you will see many new and upgraded products for your race team and racecar.

obp Motorsport excels in design, development and manufacture of elite Motorsport components and now supply most of the top race teams, drivers and distributors in Europe.

All the personnel that work with obp Motorsport are vital links and we appreciate all the hard work and dedication they deliver day after day. This dedication and constant desire to improve our products, services, customer experience and personal development has achieved our Pole Position in Europe as the preferred supplier by hundreds of Race Drivers, Race Teams and Distributors.

We are very proud of our sales, design, development, distribution and manufacturing teams for their professionalism, attention to detail consistently delivering top quality customer service and products. This attention to detail and going the extra mile to make our customers happy is the backbone to obp Motorsports continued growth and success.

Our mission is to offer innovative products, professionally manufactured, top quality and impeccable customer service all at a sensible price. We constantly strive to achieve this.

Thank you for your time and we look forward hearing from you very soon.

Best Regards,
Grant.

Pricing Disclaimer

All purchases are invoiced in Pounds Sterling as displayed. Prices displayed in blue are included as a helpful guide only. (Guide prices were calculated October 2015)

We have taken the massively successful obp Motorsport Universal Fit Pro-Race series of Bias Brake Pedal Solutions and taken them to the next level.

Pro-Race V3 Upgrades and Benefits:

- Aircraft Grade Aluminium Billet Pedals, Pads and Box
- Hard Anodized Protected Finish
- Ergonomic Fit
- Left, Right, Up & Down Pad Adjustment
- Adjustable Pedal Ratio
- Adjustable Accelerator Throw
- Super Responsive Accelerator Return
- Adjustable Accelerator Stop
- DBW Upgrade Compatible
- Alcon Spec Upgrade Compatible
- Adjustable Clutch Overthrow Stop
- Upgraded Strength and Rigidity Design
- UK Designed and manufactured

The Pro-Race V2 Adjustable Bias Brake Pedal Systems are designed for professional and semi-professional race teams and drivers that look for superior quality, reliability and adjustability in a race car pedal box system.

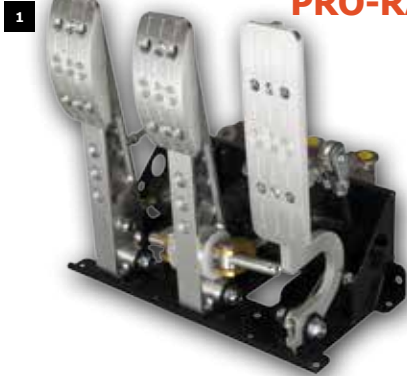

obp Motorsport is the original designer of the Pro-Race V2. This new design incorporates an upgraded super responsive accelerator return spring, adjustable pedal ratio option, adjustable pedal pad position delivering a tailor fit for any driver style.

We have worked hard to deliver a fantastic product that will increase lap times and win you races. "obp Motorsport Innovate, we do not Imitate".

Pro - Race V2 Benefits:

- Aircraft Grade Aluminium Billet Pedals and Pads
 - Left & Right Pad Adjustment
 - Up & Down Pad Adjustment
 - Adjustable Pedal Ratio
- Driver Has Full Control Over Braking
 - Brake Adjustment For All Weather Conditions
 - Smooth Fluid Pedal Pivots
- Accelerator & Clutch Stop
 - Ergonomic Fit
 - Faster Lap Times
 - Responsive Pedal Feel
 - UK Designed and Manufactured

Drive by Wire Pedal Solutions

obp have an established selection of race pedal boxes. "Drive by wire" is the latest upgrade to our quality but affordable range.

"Drive by Wire" is used in conjunction with a race mapped ECU for rapid response. The pedals have been developed with spring tension providing the driver with the required feedback. obp pedal boxes are bias adjustable for total control over front to rear braking to suit all race conditions.

Obp offer various configurations in the following ranges:

Pro-Race Fly By Wire/Drive By Wire Pedal Solutions

The Pro-Race V2 range is a universal pedal solution suitable for most race applications. The pedals' pivot points have been redesigned to deliver smooth operation and eliminate side to side movement. Extra mounting points have been added plus additional strength to the body and pedals.

The full range of Pro-Race 3 Pedal Boxes are now available with Drive by Wire throttle. Available with a Dual Way Signal Potentiometer, the Pro-Race Drive by Wire Solutions are suitable for either vehicles that have been converted to the electronic accelerator or as a replacement bias box for cars that come with it as standard. An upgraded spring also gives you a realistic and responsive feel.

Testimonial

Emil Kosir – 5 star

Great firm with great products and very very good support
(that is so rare these days!)

I have their Pro-Race V3 pedals with Alcon cylinders,
Hydro hand brake and Fuel swirl pot, all great products.
Already have more of their products on my wish list.

The Track-Pro rally and race car pedal box has an adjustable bias system. The innovative, easy to install design uses the cars original floor pan to mount the pedal box. No welding or cutting is required to fit this unit once sufficient fixing points have been installed. All Track-Pro pedal boxes are 5:1 Ratio.

Multi-Fit TRACK-PRO

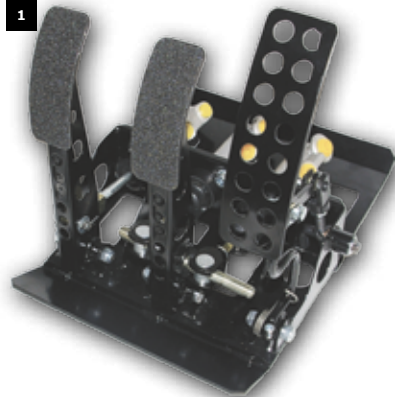

This Track-Pro multi fit unit is designed to fit a wide range of cars.

Suitable For:

Citroen Saxo/Xsara, Ford Escort / Fiesta / Focus / Ka, Honda Civic, Peugeot 106/205, Suzuki Swift, Vauxhall Nova / Corsa

Codes: for each type of car replace XY for:

David Lee– 5 star
 I asked obp to make a custom catch can to suit my requirements. They delivered on all aspects, the price, customer service and product quality. It is rare to find such a responsive and understanding company. I will use them in the future as the whole experience from design to manufacture was painless. Awesome guys, don't stop what you're doing !

Testimonial

Rikki Abel – 5 star

This company is the exact reason why British Engineering and Motorsports equipment is the pinnacle amongst the World of Motorsport.

The obp team are very helpful and the products are of the highest quality. I will always recommend them to any motorsports enthusiast.

Japanese Car Pedal Solutions

Drifting or Race Mazda RX8 Direct Replacement

The obp Mazda RX8 pedal box is a direct fit system. The dual master cylinder with Bias bar offers total control giving you the edge on the track. This unit utilises the original accelerator pedal.

Time Attack/Drift/Rally/Race

This pedal box solution is designed specifically for Japanese performance cars and is perfect for drifting, rally, time attack and track days.

The adjustable 5.05:1 to 5.45:1 pedal ratio, floor mounted, cockpit fit pedal system allows an incredibly easy installation.

The pedal box fits to the floor pan and the cylinders are mounted under the drivers feet for optimum space utilisation and access.

To complete the system, order OBP0339 driver foot/heel plate.

New V2 features:

- Now supplied with a 0.7 master cylinder to suit standard clutch set up
- Clutch overthrow stop
- Accelerator stop
- Increased throw on the accelerator linkage
- Extra strength to reduce pedal box flex
- Adjustable Pedal Ratio
- Aircraft Grade Aluminium Billet
- Left, Right, Up & Down Pad Adjustment

Servo Replacement Brake Pedal Units

The obp Servo Replacement Brake Pedal Unit replaces the Servo system and bolts into the same locating holes.

The existing factory fitted brake pedal is used and is attached to the obp Brake System via the adjustable attaching rod supplied with the kit.

This is a very simple brake conversion that will give you full control over your front to rear brakes.

BMW Mini Gen 3 Pedal Solution

obp Motorsport has been working with the Mini Challenge team developing a pedal system that will be used in all the New BMW Gen 3 Mini Race Cars that are built for the Mini Challenge Race Series. The adjustable aluminium billet pedals offer the perfect solution for the cars and will be the spec pedal box for the F56 Gen 3 Race Series.

The rear of the box has been angled which allows the unit to be placed up against the bulkhead in order to save as much space as possible.

Classic Mini Pedal Solution

The Mini pedal box has been developed with Mini specialists to create a high performance system that is easy to fit. The pedal box is a total replacement unit which locates the master cylinders within the cockpit of the car. The solution is light weight but durable and is fitted with oil impregnated spherical bushes for smooth operation. The new improved pedal set up gives a ratio of 5.5:1 and the obp bias bar with dual master cylinder provides total control over the braking from front to rear.

Adjustable Length Pro-Drift Ultimate V3 Full Alloy Billet Hydraulic Handbrake / E Brake

Adjustable Length Pro-Drift Ultimate V3 Full Alloy Billet Hydraulic Handbrake / E-Brake. This system is aimed at the Driver / Race Team that wants the best. Pro-Drift Ultimate V3 unit is incredible and will deliver a fast and responsive feel every time you need it.

Benefits:

- Super Light Weight Aluminium Billet Lever, Grip & Box
 - Hard Anodized Protected Finish
 - Aircraft Grade Aluminium • Extremely Strong
- Horizontal and Vertical Hydraulic Handbrake In One
 - Adjustable 60mm Lever Length
 - Pivot On Oil Impregnated Bearings
- Hi Quality Ball Joint Connection • Designed & Manufactured in the UK

Victory Aluminium Billet Hydraulic Handbrake / E Brake

The obp Victory Hydraulic Handbrake directly competes with the overseas imports coming into the European Motorsport Markets. The NEW Victory Alloy Billet Hydraulic Handbrake / E-Brake has been designed to look great, functional, strong, fit for purpose and reliable. obp Motorsport never compromise on quality and again we have delivered amazing 'Affordable Quality' with this new product. The new Victory Alloy Billet Handbrake is honestly and legitimately manufactured in England.

Single Master Cylinder Hydraulic Handbrakes

obp Motorsport has a wide range of lockable and non-lockable hydraulic handbrakes for drifting, rally and autocross.

The hydraulic system is fitted in addition to the original cable handbrake and is used to drift or turn the car where there's not enough wheel lock for tight turns.

obp have developed an adjustable lockable lever for the Hydraulic Handbrake. The lever provides a temporary park brake allowing the brake to be locked when stopping at time checkpoints.

It is NOT intended to be used as a permanent park brake.

1 Horizontal Non Lockable Hydraulic Handbrake

OBPHB001 280mm Lever With Master Cylinder £83.43 112.67 €
 OBPHB0A1 280mm Lever (No Master Cylinder) £55.62 75.11 €

 OBPHBL1A3L 600mm Lever With Master Cylinder, Bias Valve £125.66 169.70 €

1 The Vertical Reverse Mount Hydraulic Handbrake has been designed so that the master cylinder is facing forward in the car under normal handbrake operation. This offers versatility for fitting in limited space.

2 A lightweight design that utilises the double ended/twin actuating brake master cylinder. Designed for use where diagonal brake split is mandatory. We have two sizes of lever which include 280mm and 600mm.

Twin Master Cylinder Hydraulic Handbrakes

Using a Twin Master Cylinder system enables you to have control over the rear brakes independently, allowing you to keep the safety element of your car brake system.

Drifting and Rally driving requires extensive use of the handbrake, which can show weaknesses in standard cable type handbrakes. The hydraulic system connects into the brake line that runs to the rear callipers and requires a lot less force to completely lock both rear wheels when needed.

A hydraulic handbrake is used by drivers to lock up or break loose the rear wheels when they want to Drift the car sideways or spin on the spot. Rally drivers regularly need to spin 180 degrees, or need to turn very hard left or right and there's not enough wheel lock to achieve this.

- 3** Vertical Non Lockable Hydraulic Handbrake

Bespoke Manufacturing Service

obp Motorsport Bespoke Special Aluminium / Mild Steel Tank Manufacture

Over the last ten years we have become one of the most respected bespoke special tank manufacturers in Europe.

We have manufactured thousands of tanks for individuals, race teams, niche vehicle manufactures, 4x4 companies, company branded tanks, military, commercial etc.

The reason we are so well respected and are the proffered choice for serious Motorsport individuals and professional companies is due to our attention to detail and what value we can offer.

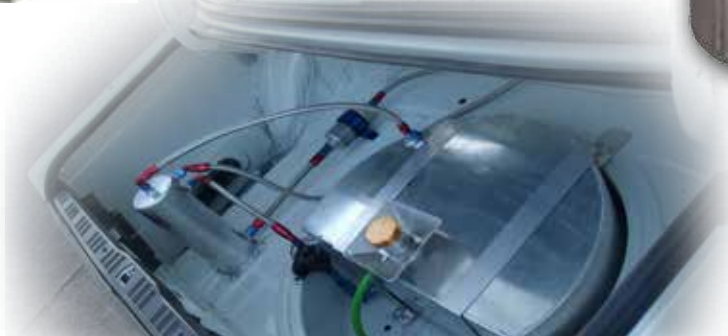

obp Motorsport Bespoke Special Aluminium / Mild Steel Tank Manufacture - Value and Benefits

- **In-House Design (CAD)**
- **Manufacture To Your Drawings and Specification**
- **Oil, Water, Hydraulic, Diesel or Petrol Tank Manufacture**
 - **Foam Filled or Baffled**
 - **Non Disclosure Agreements**
- **Professionally Manufactured and Welded**
 - **UK In-House Manufacturing**
 - **Fast Turn Around and Delivery**
 - **QC Checked**
 - **Pressure Tested**
- **Incredible Customer Service**

Alloy Fuel Swirl Pots

Designed to meet the requirements of the serious enthusiasts who are using a fuel injected car for competition or track day use. The obp fuel swirl pot will ensure a constant supply of fuel, minimising the risk of an injection pump failure through fuel starvation (whilst cornering hard) or air contamination in the fuel.

All aluminium tanks are QC checked & pressure tested

Alloy Water Swirl Pots

It is standard race car practise to use a swirl pot in the cooling system. If hot spots in the engine cause localised boiling of the water, small pockets of air will form.

Air in the water will reduce heat transfer in the cooling system.

The swirl pot will spin the water around inside it, allowing the air to rise and be released.

Alloy Oil Catch Tanks

The Alloy Catch Tanks are designed to collect oil and vapour from breather hoses when vehicles are under the stresses and strains of the track. The oil catch tank will dramatically reduce unwanted elements entering the intake and throttle body, increasing performance. obp offer a range of sizes, shapes and fitments to suit most applications.

	OBPM03JF	3L JIC 10 Female Fittings Bulk Head Mount Oil Catch Tank 230mm (H) x 170mm (W) x 90mm (D) 10mm Drain Plug, Sight Tube, JIC 10 (7/8 x 14 UNF) Inlet, Outlet & Breather	£92.70	115.88 €

Alloy Dry Sump Tanks

Our dry sump tank is professionally manufactured out of aluminium incorporating an internal baffle system to prevent oil surge and starvation. JIC 12 on inlet and outlet ports and a screw on filler cap with a 10mm breather outlet on the 40mm Screw Cap filler neck.

All aluminium tanks are QC checked & pressure tested

1	OBPDS01	1 Gallon Dry Sump Oil Tank 210mm (H) x 190mm (Dia) 2 x JIC 12, 1 x 10mm Breather, 40mm Screw Cap Filler	£130.81	163.51 €
	OBPDS02	1.5 Gallon Dry Sump Oil Tank 270mm (H) x 190mm (Dia) 2 x JIC 12, 1 x 10mm Breather, 40mm Screw Cap Filler	£136.99	171.24 €
2	OBPDS03	2 Gallon Dry Sump Oil Tank 356mm (H) x 190mm (Dia) 2 x JIC 12, 1 x 10mm Breather, 40mm Screw Cap Filler	£143.17	178.96 €
	OBPDS04	2.5 Gallon Dry Sump Oil Tank 410mm (H) x 190mm (Dia) 2 x JIC 12, 1 x 10mm Breather, 40mm Screw Cap Filler	£149.35	186.69 €
	OBPDS05	3 Gallon Dry Sump Oil Tank 468mm (H) x 190mm (Dia) 2 x JIC 12, 1 x 10mm Breather, 40mm Screw Cap Filler	£154.50	193.13 €

Alloy Fuel Tanks - Race Car

obp Motorsport alloy fuel tanks are precision made for competition or road car use. The tanks are made with in built baffles or filled with a baffle foam to help prevent fuel surge and suppress explosions. The fuel filler has an internal diameter of 40mm and has a screw on cap with a seal. Filler neck splash trays and sight gauges are fitted where appropriate. Standard fuel outlets are 10mm outside diameter and the sight gauge outlets are 10mm outside diameter. Tanks can be made with other size outlets or with additional fittings for a swirl pot return.

Contact obp Motorsport to discuss your specific designs.

All aluminium tanks are QC checked & pressure tested

Aluminium Baffled Fuel Tanks

Fuel Tank Foam

We now sell the foam that we use in our foam filled tanks. This is perfect if you are manufacturing your own tank.

Two size options are available when purchasing the FIA Compliant Foam. Off cuts are various sizes. Blocks are supplied to or as near to the customers dimensions.

OBPFOAM1	FIA Compliant Yellow (Polyester) Foam (Petrol) Off cuts, Per Litre	£2.00	2.70 €
OBPFOAM2	FIA Compliant Blue (Polyether) Foam (Diesel, Methanol and Water) Off cuts, Per Litre	£2.00	2.70 €
OBPFOAM3	FIA Compliant Yellow (Polyester) Foam (Petrol) 22x22x21cm (10L) Block	£30.00	40.52 €
OBPFOAM4	FIA Compliant Blue (Polyether) Foam (Diesel, Methanol and Water) 22x22x21cm (10L) Block	£30.00	40.52 €

Fuel Sender

This is a universal Kit Car / Locost 6-Hole Top Mount Bolt-on Fuel Sender. The arm can be shortened to suit any fuel tank. The sensor is calibrated to provide an electrical resistance of 260 Ohms at empty and 20 Ohms at full.

OBPFCB014 Kit Car / Locost 6-Hole Top Mount Bolt-on Fuel Sender £23.79 32.13 €

Alloy Water Header Tanks

The header tank is used to eliminate unwanted air in the vehicles cooling system, achieving greater cooling efficiency. Made from aluminium, they are a strong and lightweight option for your race car. These header tanks will accept standard size radiator caps.

obp Motorsport – Official HEL Performance Hose Manufacture

obp Motorsport is proud to announce we are now an Official and Authorised HEL Performance Hose supplier with full manufacturing facilities, based at our UK factory in the World Famous Motorsport Valley.

obp Motorsport has invested in the HEL authorised equipment, support, training and stock to be able to offer a wide range of Car Specific hose kits.

We also offer a bespoke hose manufacturing service that is tailored to your requirements.

For more info on the car specific kits and our bespoke manufacturing service go to our web site and the obp-HEL section:

<http://www.obpltd.com/obp-approved/obp-HEL-Brake-Hoses>

HEL is a perfect partner for obp Motorsport due to some fundamental reasons:

- World Leader – Hose Manufacture
 - UK Based Company
- World Wide Test Certificates
- Track & Race Proven Products
 - Focus on Quality
- Respected & Trusted In Motorsport

HEL Performance and obp Motorsport always has quality at the forefront of all that we do. The obp-HEL hoses are stringently tested to the requirements as laid down by federal regulations, both in the laboratory and on the race track where they are proven time and time again.

The obp-HEL hoses pass and exceed the requirements of government bodies around the globe making them street legal anywhere in the world.

All obp-HEL brake hoses comply with the requirements of FMVSS-106. These requirements set out the strict test criteria that all hoses must pass to enable them to be used on the road.

These requirements as commanded by the Federal Motor Vehicle Safety Standards are then used by the DOT (United States Of America), NHTSA (United States Of America), TuV (Germany), ADR (Australia), LTSA (New Zealand), IDR (Israel) and MOT (Europe) as the test criteria used by each country.

Having passed these requirements and by registering with the above organisations obp-HEL Performance brake lines can be used anywhere in the world.

obp/HEL - OEM Replacement Clutch & Brake Hose Kits

obp Motorsport teamed up with HEL Performance because we are proud and champion UK manufactured products. All the HEL Performance brake line components are made in Britain, including the stainless steel braided brake hose and all of the stainless steel brake line fittings. These hoses pass and exceed the requirements of government bodies around the globe making them street legal anywhere in the world. All brake hoses must comply with the requirements of FMVSS-106. These requirements set out the strict test criteria that all hoses must pass to enable them to be used on the road. These requirements, as commanded by the Federal Motor Vehicle Safety Standards, are then used by the DOT (United States Of America), NHTSA (United States Of America), TuV (Germany), ADR (Australia), LTSA (New Zealand), IDR (Israel) and MOT (Europe) as the test criteria used by each country. Having passed these requirements and by registering with the above organisations HEL Performance / obp Motorsport brake lines can be used anywhere in the world. obp Motorsport manufacture the HEL Performance car specific hose kits in-house and have a massive range of hose kits that cover most manufacturers. **Please look at our web site to see our full range, or contact us to discuss your requirements.**

VW-4-126	Volkswagen Golf MK6 2.0 GTi (2009-)	£66.50	89.85 €
VW-4-411	Volkswagen Golf MK7 2.0 GTi (2013-)	£66.50	89.85 €

obp/HEL - Bespoke Hose Manufacture

As well as the wide range of car specific OEM replacement hose kits, we offer a bespoke service. This service allows you to get the perfect hose for your application. With a wide range of lengths and hose fittings to choose from, we can manufacture any hose that you may need. If you require this service please send us an email to sales@obpltd.com. We will then send you a protocol sheet so we can get the correct information to manufacture your hose kit exactly to your specifications.

OBP-HEL01	Upto 1000mm - Bespoke / Special Manufacture	£24.95	33.71 €
OBP-HEL02	1000mm to 1250mm - Bespoke / Special Manufacture	£27.45	37.09 €

Cobra St/St Braided Feed Pipes

1 2 3 4 5

OBPST001	obp Cobra Hi-Spec St/St Braided Reservoir Feed Pipe (310mm Length 7/16 UNF female each end, 7/16 UNF male fitting)	£12.90 17.43 €
OBPST002	obp Cobra Hi-Spec St/St Braided Reservoir Feed Pipe (620mm Length 7/16 UNF female each end, 7/16 UNF male fitting)	£16.84 22.76 €
OBPST003	obp Cobra Hi-Spec St/St Braided Reservoir Feed Pipe (930mm Length 7/16 UNF female each end, 7/16 UNF male fitting)	£21.02 28.41 €
OBPBAN01	Banjo with 7/16 UNF Fitting, 2 x Washers, 7/16th UNF Banjo Bolt	£21.85 29.53 €
OBPSUB001	obp Cobra Hi-Spec St/St Braided Reservoir Feed Hose 1620mm long 7/16th UNF banjo fitting, washers, bolts, female 7/16 UNF the other end	£43.68 59.03 €
OBPMINI001	obp Hi-Spec Cobra St/St Braided Reservoir Feed Hose 530mm long 7/16th UNF banjo fitting, washers, bolts, female 7/16 UNF the other end	£35.35 47.78 €

Specification:

Liner: PTFE according to "ISO 12086, Part 1 PTFE-EPDM 1, 6.1.CE.4.1.2" Braid: AISI 304S15 Hard Drawn Stainless Steel Wire Working Temperature Range: -60 Degrees C to +260 Degrees C Maximum Allowable Elongation At Working Pressure -4% to +2%

Master Cylinders

5/16" UNF Push Rod 7/16" UNF In - 3/8" UNF Out

- 1** OBPCB001 Master Cylinder .7 **£27.69 37.42 €**
- OBPCB002 Master Cylinder .625 **£27.69 37.42 €**
- OBPCB003 Master Cylinder .75 **£27.69 37.42 €**

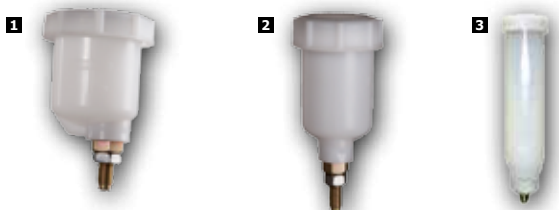

5/16" UNF Push Rod - 3/8" UNF Outlet

- 2** OBPMC01 Integral Master Cylinder .7 **£32.50 43.92 €**
- OBPMC02 Integral Master Cylinder .625 **£32.50 43.92 €**
- OBPMC03 Integral Master Cylinder .75 **£32.50 43.92 €**

Single Reservoirs

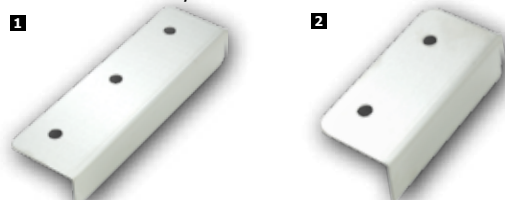

7/16" UNF Fitting. This unit has no level sensor. Ideal for race cars and hydraulic clutch reservoir.

- 1** OBPCB004 80mm (H) x 60mm (Dia) 7/16-20 UNF **£9.86 13.33 €**
- 2** OBPCB004B 115mm (H) x 60mm (Dia) 7/16-20 UNF **£11.85 16.02 €**
- 3** OBPR01 240mm (H) x 45mm (Dia) 7/16-20 UNF **£15.00 20.27 €**

Reservoir Brackets

This is a St/St bracket for 2 or 3 reservoirs.

- 1** OBPCB006 Reservoirs Bracket Triple **£9.73 13.15 €**
- 2** OBPCB007 Reservoirs Bracket Double **£7.79 10.53 €**

Clevis Brackets

5/16 UNF Thread. Lever adaptor clevis bracket as used for many motorsports applications.

- 1** OBPCB005 Clevis Silver Long **£3.80 5.14 €**
- 2** OBPCB005S Clevis Silver Short **£3.80 5.14 €**

Reservoir Float Level Indicator Switch DIY Fitting

This level switch can be easily fitted to our standard single reservoirs. When your fluid level is low the switch contact is made and can be wired to illuminate a dash mounted LED or lamp. Suitable for kit cars requiring SVA test.

OBPCB013 **£9.22 12.46 €**

Adjustable Brake Bias Valves

This unit fully regulates the front to rear brake pressure, by placing the valve in line to the rear brakes more pressure is then applied to the front giving a much better overall braking. Industry standard with fine adjustment to increase/decrease front to rear bias in cockpit.

- | | | |
|----------|--|-----------------------|
| 1 | OBPCB012 obp Premium Bias Valve
3/8" - 24 UNF In and Outlets | £43.72 59.09 € |
| 2 | OBPBV01 obp Bias Valve (Screw Type)
1/8" NPT In and Outlets | £28.84 38.98 € |
| 3 | OBPBV02 obp Bias Valve (Lever Type)
1/8" NPT In and Outlets | £36.05 48.72 € |

Brake Line Lock

This unit fits into the hydraulic brake system to enable locking of front or rear wheels; ideal for burn-outs. Once plumbed in, the footbrake can be applied

to create hydraulic pressure in the system, then simply turn the lever to lock the pressure in the lines and lock the appropriate wheels. This unit is rated to 7500 psi.

1/8" BSP Female Outlets

- | | | |
|------------------|-------------------------------|-----------------------|
| OBPCB011 | Line Lock | £26.77 36.18 € |
| OBPLL01 | Line Lock Bracket | £6.00 8.11 € |
| OBPCB011B | Line Lock & Line Lock Bracket | £29.99 40.53 € |

Bias Bar With Tube

This is a Professional Motorsports industry standard balance/bias bar assembly that is designed to maximise adjustability to either the front or rear brakes.

- | | | |
|-----------------|--------------------------------------|-----------------------|
| OBPCB010 | Bias Bar with Tube, 7/16" UNF Thread | £26.77 36.18 € |
|-----------------|--------------------------------------|-----------------------|

Track Rod End

Our track rod ends are alloy with a protective coat for corrosion resistance. 5/16 - 24UNF Thread, 8mm diameter ball. The male track rod end has a total length of 53mm.

- | | | |
|---------------|----------------------|----------------------|
| OBPNM5 | Track rod end | £7.21 9.74 € |
| OBPNF5 | Female track rod end | £8.76 11.84 € |

Adjustable Pedal Stop

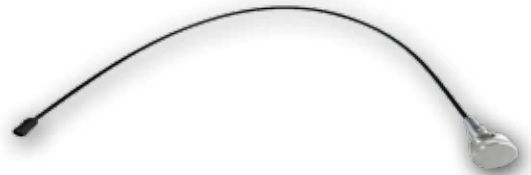

This weld on adjustable pedal stop is a simple solution to clutch and accelerator failures. This compact pedal stop works with virtually any type of pedal. It is designed to be installed wherever you need it, simply just cut the mount bar to fit your application and weld in place.

- | | | |
|----------------|--|-----------------------|
| OBPAS01 | Self Weld Adjustable Pedal Stop , 200mm Long | £12.36 16.70 € |
|----------------|--|-----------------------|

Remote Cable Bias Bar Adjuster

This Bias Bar adjuster is probably the best available and is recognised as the industry standard. As used in many rally and race cars. Designed to be connected in a convenient place in the cockpit, so brake adjustment can be made whilst on the track.

- | | | |
|-----------------|--|-----------------------|
| OBPCB009 | Bias Cable 7/16" UNF Thread 700mm Long | £27.95 37.77 € |
|-----------------|--|-----------------------|

Aluminium Accelerator Twin Cable Block

This unit is used when a twin accelerator cable system is being used. This is for the obp pedal boxes and universal application. Includes a lockable grub screw. 8mm hole to attach to the accelerator.

- | | | |
|------------------|--|-----------------------|
| OBP0048PR | Aluminium Accelerator Twin Cable Block | £11.36 15.35 € |
|------------------|--|-----------------------|

Bias Bar Adaptor

This is to Convert the 7/16" UNF thread on the obp bias bar to 3/8" UNF that is used by some other bias cables

- | | | |
|-----------------|--|---------------------|
| OBPCB015 | Adaptor, Male 7/16" UNF to 3/8" UNF Female | £5.41 7.31 € |
|-----------------|--|---------------------|

Steel Pedal Box Fixing Top Hats and Bolts x 4

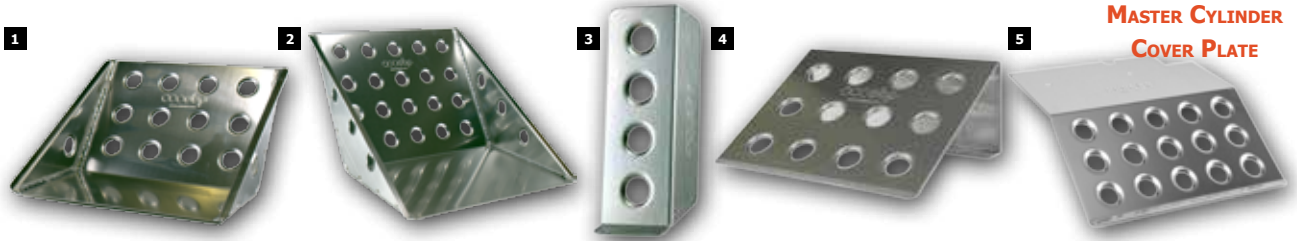

These are used to fit the pedal box to the floor pan. You will need to cut a 21mm hole in the floor pan insert the top hat and weld around the top. This will give you 4 secure fixing points to bolt the pedal box to. Remember to use large spreader plates to spread the stress on the pedal box fixings.

- | | | |
|-----------------|--|-----------------------|
| OBPCB016 | | £46.35 62.64 € |
|-----------------|--|-----------------------|

Alloy Navigator / Passenger Foot Rests

In most kit cars / classic cars / performance cars and rally cars the passengers/co-drivers are constantly slipping forward in their seat due to hard braking. With this light weight alloy foot rest you will enable your passenger to have a more comfortable and enjoyable experience. This unit can be bolted or riveted down via the front and rear lips.

1	OBPA040	Small Navigators Foot Rest 270mm Wide, 150mm Deep and 180mm in Height	£39.75	54.12 €
2	OBPA041	Large Navigators Foot Rest 360mm Wide, 410mm Deep and 220mm in Height	£52.24	71.13 €

2	OBPSM733AP	LOW MODEL SIDE RACE SEAT BRACKETS 6mm Aluminium	£75.19	102.38 €

These are designed for Motorsport and they can be adjusted precisely to suit each individual application. The multi-hole height/angle adjustment pattern of obp brackets have been optimised to allow up to 21° of inclination, allowing for practically any height/angle mounting combination. The contours of the brackets have been designed so as not to interfere with the seat belt openings, edges or bottom of the seat.

Oil Coolers

obp Motorsport Aluminium Oil to Air Transmission Oil Coolers are used for cooling the oil circulating gearboxes, crown wheels and pinion units, differentials and power steering pumps. These Oil Coolers will help prevent over heating and loss of pressure due to material expansion, that results in greater tolerances and lack of oil circulation. Not using a good Oil Cooler will create spiralling heat build up causing mechanical failure and seizing. All the obp Oil Coolers are manufactured in the UK to the highest standard and specifications.

| | OBPPBNO Obp Standard Pit Board Numbers - Orange | £33.00 41.25 € |

Alloy Universal Rally Ramps

WRC Spec alloy wheel ramps with a strong chequered alloy top surface. These units have carry holes in the back and stack into each other for very easy storage. They are specifically designed for low riding vehicles, race cars and cars with deep spoilers. At approximately 1.1 metres long the ramps are longer than most ramps on the market. This extra length allows a shallow angle of approach and means that deep spoilers won't foul on the ramps. There will now be sufficient clearance under the spoiler to insert a trolley jack and raise the car higher if required.

obp Approved

Over the years obp Motorsport has worked with most of the leading Motorsport component manufacturers all over the world.

During this time we have developed some strong bonds with likeminded companies that stand for 'Affordable Quality' as we do.

We felt offering a carefully chosen range of highly qualified Motorsport manufactures that offer incredible high quality products, to our customers would compliment our own highly respected and trusted obp Motorsport brand and products.

That is how the obp Approved range of products and brands was born.

Disclaimer of Warranty

Purchasers understand and recognise that racing parts and equipment, such as pedal boxes, master cylinders, hydraulic handbrakes, swirl pots, catch tanks etc. and all parts, inventory and services manufactured and/or sold by Optimum Balance Products Ltd are exposed to many and varied conditions due to the manner in which they are installed and used. Purchasers and Optimum Balance Products Ltd consciously desire to make their own bargain, irrespective of any court decision and purchasers agree upon good faith and in consideration for being allowed to purchase from Optimum Balance Products Ltd does not make any affirmation of fact or promise to purchase which relates to said parts, inventory or services, that becomes part of the basis of the bargain between Optimum Balance Products Ltd and purchasers. Nor does Optimum Balance Products Ltd make, or cause to be made to purchaser any description of the goods sold to purchaser nor does Optimum Balance Products Ltd make, or cause to be made, as part of the basis of the bargain with purchasers any description of affirmation of fact concerning any sample or model of racing parts, and equipment inventory or service.

As further consideration for purchasers using Optimum Balance Products Ltd racing parts and equipment any and all inventory and services, purchasers acknowledge that due to the differing conditions and circumstances under which all equipment and parts are installed and used, purchasers are not relying on Optimum Balance Products Ltd skill or judgement to select or furnish the proper part or equipment. Purchasers expressly affirm they are relying upon their own skill or judgement to select and purchase suitable goods.

Optimum Balance Products Ltd makes no warranties whatsoever, expressed or implied, oral or written, to purchasers. There is no warranty of merchantability made to purchasers. Optimum Balance Products Ltd further excludes any implied warranty of fitness with respect to racing and equipment, any and all inventory, and service.

It is expressly understood and agreed between purchasers and Optimum Balance Products Ltd that as part of the bargain between Optimum Balance Products Ltd and purchasers, and in consideration of doing business with each other, all purchasers take, select and purchase said racing parts, equipment, any and all inventory, or services from Optimum Balance Products Ltd "as is" and "with all faults" and Optimum Balance Products Ltd shall always provide purchasers with a full and complete opportunity to examine, at purchasers' leisure and convenience, any racing parts, and equipment, any and all inventory, or services when purchasing or contemplating purchasing from Optimum Balance Products Ltd.

If, and in the event that purchasers expressly or impliedly cause representations, or statements or affirmations of fact contrary to this disclaimer of all warranties, expressed or implied, then purchasers agree to indemnify and hold harmless Optimum Balance Products Ltd in the event of any claim, demand or legal action against Optimum Balance Products Ltd by any purchaser.

Purchasers understand and agree that no officer, director, employee, or salesman of Optimum Balance Products Ltd has any authority to make any statement contrary to the terms of this agreement. On the contrary Optimum Balance Products Ltd disavows any statement contrary to what is herein above written.

Optimum Balance Products Ltd is constantly seeking ways to improve the specification, design and production of its parts and alterations take place continually. Whilst every care is made to produce up to date literature, photographs within this brochure are for guidance only, products contained within these photographs may be subject to change without prior notice, therefore this brochure should not be regarded as an infallible guide to current specifications and or prices, nor does it constitute an offer for the sale of any particular item. Therefore, prices may be changed without prior notification to the purchaser and/or his agent.

Euro prices shown are calculated at the exchange rate of 1.33 and are shown as a guide purpose only. All purchases made with obp will be invoiced in Pounds Sterling. All prices exclude VAT so upon order and additional charge of 20% (at time of print) may be added.

Any reference in this brochure to speed or performance should not be taken as an encouragement to drive either dangerously or at speeds in excess of the national limit.
